Elaine,
Attached is the pleadings index maintained by the Folger firm related to the Alameda litigation between PeopleSoft and Oracle. Please contact Bingham directly, and not Folger, should you wish to request review and production of any items on the index. Oracle reserves all of its rights with respect to any such requests, including on the grounds already stated in the objections, in meet and confer correspondence, and in the parties' discovery conference statements. Indeed, a cursory review of the index reveals that this exercise by Defendants is a waste of the parties time and will not lead to the discovery of admissible evidence.
Thanks,
Geoff

Subject: Status update on Folger & Levin index and Henley documents

Geoff,

Can you give us an update on the status of the Folger & Levin index and Oracle's production of Jeff Henley documents? I understand from your email to Scott last week that there are no responsive documents to be produced for Harry You.

Regards,

Elaine Wallace
